

# Nourivan™ Antiox

Antioxidant O/W cream base

500 g

## Technical Data Sheet

Document number: FADTDSNA01

Approved by GQM on date: 5 September 2013

IIN number: 106757-729-93

|                       |   |                            |
|-----------------------|---|----------------------------|
| <b>DESCRIPTION</b>    | <p>Nourivan™ Antiox base is an antioxidant-enriched, protective O/W cream. With its unique formulation, this vehicle offers an ideal compounding vehicle for APIs susceptible to oxidation, usually without the need to add antioxidant.</p> <p>Nourivan™ Antiox cream is often used in patients with vulnerable, sensitive, balanced and (very) dehydrated skin types.</p> <p>This product is formulated without fragrances, dyes, parabens, mineral oils, SLS, propylene glycol and ethoxylates, and is preserved.</p>  |                            |
| <b>CATEGORY</b>       | <p>Nourivan™ Antiox base is a compounding vehicle used to prepare topical medications in vanishing cream dosage forms.</p>  |                            |
| <b>INGREDIENTS</b>    | <p>Purified water, Natural fatty esters and alcohols, Glidant, Nonionic Emulsifier, Nonionic and Anionic Rheology Modifiers, Natural Preservative, Natural Antioxidant, Sodium Bisulfite</p>  |                            |
| <b>QUALITIES</b>      | <ul style="list-style-type: none"> <li>○ Hydrophilic vanishing cream</li> <li>○ Unique compatibility with APIs and DCIs susceptible to oxidation; additional antioxidants usually are no longer required</li> <li>○ Nourishing and gentle formula</li> <li>○ With natural antioxidants, protecting the skin</li> <li>○ Pleasant, soft skin feel</li> <li>○ Excellent moisturizing properties to support and protect skin balance</li> <li>○ Rapidly vanishes into the skin</li> <li>○ Often used in patients with balanced and (very) dehydrated skin types</li> <li>○ Ready-to-use</li> <li>○ Time-saving compounding solution</li> <li>○ Simple three-step compounding process</li> </ul> |                            |
| <b>TECHNICAL DATA</b> | Appearance:   | White cream                |
| <b>TECHNICAL DATA</b> | Odor:   | Slight characteristic odor |
| <b>TECHNICAL DATA</b> | pH:   | 3.5-5.5                    |
| <b>TECHNICAL DATA</b> | Shelf life (unopened):  | 24 months                  |
| <b>TECHNICAL DATA</b> | Storage conditions:   | 15-25 °C                   |
| <b>SAFETY DATA</b>    | <p>All ingredients have been generally recognized as safe or are listed as inactive Ingredients or EAFUS by the USFDA, ANVISA and the Regulation (EC) No 1907/2006 (REACH) when used in accordance with their intended purposes.
