

Pentra[®]van Plus Cream Base

Technical Data Sheet - Pentra[®]van Plus Cream Base

802433	51552-1285-06	500 GM
804749	51552-1285-08	2.5 KG
805905	51552-1285-07	10 KG

DESCRIPTION	<p>Pentra[®]van Plus cream base is an oil-in-water emulsion that uses liposomal technology to provide transdermal delivery of medications. It is a true vanishing cream, providing a highly elegant skin feel while providing the effective transdermal delivery of medications through the skin first introduced in PLO Gel.</p> <p>Pentra[®]van Plus cream base vanishes into the skin as it enhances penetration of the medication and does not require an occlusive dressing unlike PLO gel which leaves a sticky residue on the skin and for which an occlusive dressing is recommended to prevent medication transfer to other people or clothing</p> <p>Pentra[®]van Plus cream base contains additional emulsifiers to allow for incorporation of higher concentrations of active ingredients and solvents than the original Pentra[®].</p> <p>Therapeutic compliance should be improved over the use of PLO Gel.</p>									
CATEGORY	Highly elegant vanishing cream using the same proven penetration enhancers as PLO gel.									
INGREDIENTS	<table> <tr> <td>Fatty Acid Alcohols, Acids, and Esters</td> <td>Skin-feel Enhancer</td> <td>Natural Preservatives</td> </tr> <tr> <td>Phospholipids</td> <td>Natural Humectant</td> <td>Nonionic and Anionic Emulsifiers</td> </tr> <tr> <td>Antioxidants</td> <td></td> <td>Buffer</td> </tr> </table>	Fatty Acid Alcohols, Acids, and Esters	Skin-feel Enhancer	Natural Preservatives	Phospholipids	Natural Humectant	Nonionic and Anionic Emulsifiers	Antioxidants		Buffer
Fatty Acid Alcohols, Acids, and Esters	Skin-feel Enhancer	Natural Preservatives								
Phospholipids	Natural Humectant	Nonionic and Anionic Emulsifiers								
Antioxidants		Buffer								
QUALITIES	<ul style="list-style-type: none"> • An oil-in-water vanishing cream base containing liposomes from highly enriched soybeans. • Water washable. • Contains a proven preservation system. • Enhanced penetration capabilities. • More viscous than Pentra[®]van cream base. 									
TECHNICAL DATA	<p>Description: Stiff, yellow cream; slight odor of lecithin</p> <p>pH: 3.5 – 5.5</p> <p>Yield value: 40 – 150 Pa.</p> <p>Shelf life: 3 years</p>									
SAFETY DATA	All ingredients have been “Generally Recognized as Safe” (GRAS) or as “inactive ingredients” by the USFDA when used in accordance with their intended purpose.
