

# Pentra<sup>®</sup>van Cream Base

## Technical Data Sheet – Pentra<sup>®</sup>van Cream Base

804927	51552-0919-05	500 GM
802486	51552-0919-08	2.5 KG

<b>DESCRIPTION</b>	<p>Pentra<sup>®</sup>van cream base is an oil-in-water emulsion that uses liposomal technology to provide transdermal delivery of medications. It is a true vanishing cream, providing a highly elegant skin feel while providing the effective delivery of medications through the skin which was first introduced in PLO Gel.</p> <p>Pentra<sup>®</sup>van cream base vanishes into the skin as it enhances penetration of the medication and does not require an occlusive dressing unlike PLO gel which leaves a sticky residue on the skin and for which an occlusive dressing is recommended to prevent medication transfer to other people or clothing.</p> <p>Therapeutic compliance should be improved over the use of PLO Gel.</p>									
<b>CATEGORY</b>	Highly elegant vanishing cream using the same proven penetration enhancers as PLO gel.									
<b>INGREDIENTS</b>	<table border="0"> <tr> <td>Fatty Acid Alcohols, Acids, and Esters</td> <td>Skin-feel Enhancer</td> <td>Natural Preservatives</td> </tr> <tr> <td>Phospholipids</td> <td>Natural Humectant</td> <td>Nonionic and Anionic Emulsifiers</td> </tr> <tr> <td>Antioxidants</td> <td></td> <td>Buffer</td> </tr> </table>	Fatty Acid Alcohols, Acids, and Esters	Skin-feel Enhancer	Natural Preservatives	Phospholipids	Natural Humectant	Nonionic and Anionic Emulsifiers	Antioxidants		Buffer
Fatty Acid Alcohols, Acids, and Esters	Skin-feel Enhancer	Natural Preservatives								
Phospholipids	Natural Humectant	Nonionic and Anionic Emulsifiers								
Antioxidants		Buffer								
<b>QUALITIES</b>	<ul style="list-style-type: none"> <li>• An oil-in-water vanishing cream base containing liposomes from highly enriched soybeans.</li> <li>• Water washable.</li> <li>• Contains a proven preservation system.</li> <li>• Enhanced penetration capabilities.</li> </ul>									
<b>TECHNICAL DATA</b>	<p>Description: Stiff, yellow cream; slight odor of lecithin</p> <p>pH: 3.5 – 5.5</p> <p>Yield value: 40 – 150 Pa.</p> <p>Shelf life: 3 years</p>									
<b>SAFETY DATA</b>	All ingredients have been “Generally Recognized as Safe” (GRAS) or as “inactive ingredients” by the USFDA when used in accordance with their intended purpose.
